## ETHESDA MINERAL WATER

Of Waukesha, Wisconsin.  
To be a specific in all cases of Diabetes, Inflammation of the Kidneys, Inflammation of the Neck of the Bladder and Uterus, Induration of the Bladder, Dropsy, Gouty Rheumatism, Stomachic of Urine, Albumenuria, Ropy or Cloudy Urine, Brick Dust Urine, Thick, Morbid, Bilious and Dark Appearing Urine, with Bone Dust Deposit, Burning Sensation with Sharp Pains when voiding Urine, Hemorrhage of the Kidneys, In the Kidneys and Lungs, Torpid Liver, Indigestion, Calculus, and Female Aches.

There is no remedial agent known to man that can cure the foregoing diseases as quickly as Ethesda Water. This fact has been demonstrated wherever the water has been used according to directions; which can be had as the General Agent's by application to them. The water is sweet and pleasant to the taste. It can be drunk at all times. Why should any one suffer while this water is so easily obtained?  
DR. HAWLEY HEATH, of 200 Broadway, New York, gives the following list of cures within his practice:

Diabetes cured by Ethesda Water, after the patient had been pronounced beyond relief, though they are not a title of those daily received; S. C. CHARLES DIABETES—Rev. Thomas Penrose, Sea Cliff and Brooklyn; Morris, Penn. Yan; Major Hart, Mr. Barber, Mrs. Gubon, Kinderhook; Mr. Saunders, New York.

GOUTY RHEUMATISM—J. S. Gould, Hudson; Mrs. Judge Van Cott, Cahoon, Morgan, Barre, Mount Vernon; W. W. Scott, Sing Sing; Mrs. Alderman, Mrs. Hall, Mrs. Cox, New York; Dr. G. W. Best, Mr. Remig, Mrs. Heron, Mr. James, Brooklyn.

URICACIOUS OF THE BLADDER—E. Coffin, Buffalo; T. J. Cox, New York.

What Surgeon-General Wolcott and other prominent Medical Men say about the Ethesda Water.

MILWAUKEE, January 1, 1875.  
I am gratified to find that the opinion given by me, over two years ago, on the medicinal properties of the Ethesda Water, has been fully sustained and confirmed by use, in a vast number and variety of cases, involving the urinary organs. In many of the most such cases, I do not hesitate to say that it is vastly superior to any remedy known to the profession.

We fully concur in the above. O. P. Wolcott, M.D.; J. E. Garner, M.D.; Diabetes; Nelowski, M.D.; J. M. Allen, M.D.

The water of the Excelsior Spring is invaluable, removing and preventing, by its solvent and alterative effects, the incipient forms of disease.

It is highly recommended by the most eminent physicians, and is used with great success in the treatment of Dyspepsia, Constipation of the Bowels, Affections of the Liver and Kidneys, Fevers, Scrophulous, Cutaneous Diseases, Etc. It is also an excellent remedy for the Headache, and a pleasant and healthful beverage.

Natural waters frequently present medicinal virtues, in use, which cannot be accounted for by the ordinary principles of chemistry, and are shown by analysis.

All of the above Waters for sale on draught in Bottles, by the Gallon in Jugs or Kees, or by the Barrel by

REFORM WITHIN THE PARTY.

Supervisor Meyer Unveils a Specimen Piece of the Dirty Work.

Col. Ferd. Meyer succeeded yesterday in uncovering an exceedingly curious piece of work, which deserves to go along with the rapidly accumulating illustrations of "reform within the party." As Supervisor Colonel Meyer has just come into possession of some documents which were sent to Washington last spring by parties seeking to effect his removal. One of these papers was a telegram sent from St. Louis to Washington and bearing the date of March 2. This telegram was very brief. It simply asked the president to remove Meyer and appoint to the supervisorship Theodore W. Heman, of this city. The telegram bore the names of Thomas C. Fletcher, chairman of the State Executive Committee; Joseph W. McClurg, Joseph Cline, secretary of the State Executive Committee.

Colonel Meyer visited the Western Union Telegraph office and made an examination of the original copy on file there. The examination was sufficient to satisfy him of a fraud somewhere. Cline was looked up and he most emphatically denied that he had ever signed any such dispatch or had knowledge of it. He accompanied Colonel Meyer to the telegraph office and upon seeing the original declared the signature of his name a forgery. Cline then wrote out a brief statement to which he made his oath.

In the affidavit Cline says he was secretary of the committee at the time the message purports to have been sent and then he adds that he knew nothing of the message and that his name was forged to it. Colonel Meyer is pushing his inquiry and proposes, if possible, to find out and expose the author of the strategy. The original of the telegram as well as his signature is said to be in Governor Fletcher's handwriting.
